# CIRCLE of LIGHT

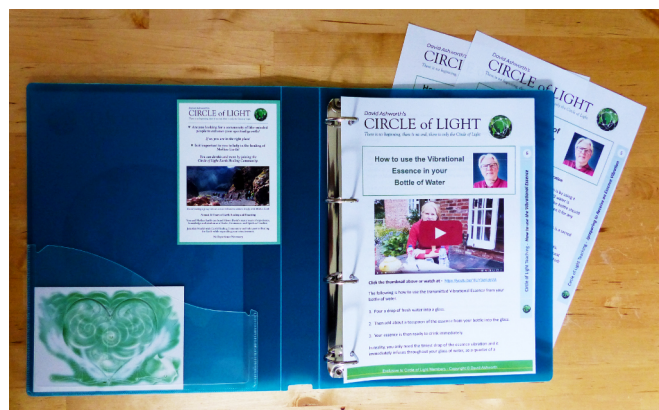

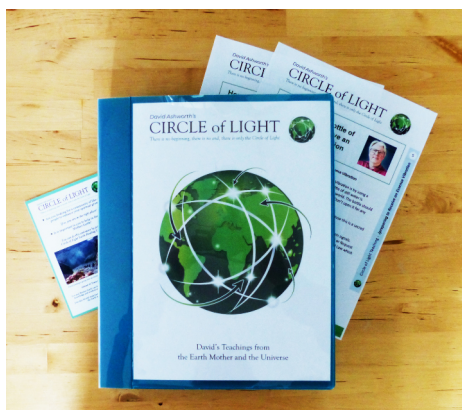

*There is no beginning, there is no end, there is only the Circle of Light*

## Building your Library of Light

All of my Teachings have a great value in that they are written with the Light of Inner Guidance from my heart. All their words carry Light into your life and into the world. The more you read them, the more the Light touches your heart and opens it.

Each time you read a Teaching, the Light will touch your heart. This is one of the ways that the Universe helps you to open your heart towards enlightenment.

Those of you who are very sensitive will feel the Light and often when it touches your heart deeply, the Light will bring tears to your eyes.

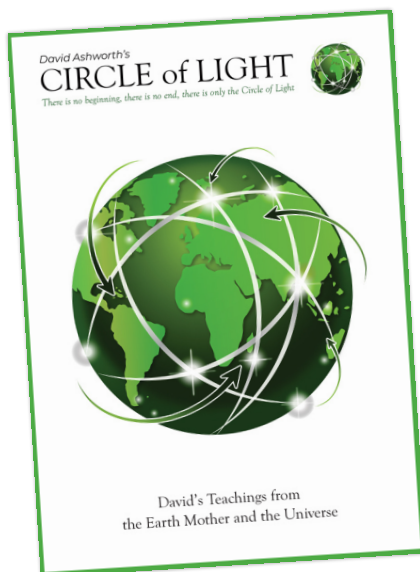

*For every tear drop that falls another petal of the heart opens.  
Once it is open, it can never close again. That is the pathway towards  
enlightenment.*

*Sitting in the Light of a true teacher will allow your heart to surrender  
and you may experience tears. That is when you know that something  
has moved within you and you have advanced.*

Guidance from the Light of David's heart.

### **Print and File Your Teachings**

If you print out each mailer and Teaching and keep them as physical paper in a folder, you will build a Library of Light. The folder will hold the Light for you and it can actually become a powerful tool in its own right. The folder itself will emanate Light.

**Click here** to download a Front Cover insert for your folder and print it to start filing your Circle of Light Teachings.

### **Saving Mother Earth**

We all want to help the planet where we can, but we also have to use some of her resources at times in order to help her. It is the truth in your heart that matters and that is what is seen at a higher level of consciousness. We are absolutely seen by Mother and Father. We are part of their consciousness. So, for this little issue of using paper and ink, allow yourself to use some to create this powerful tool for yourself. There is nothing wrong with using paper and ink for our common goal: healing ourselves and helping The Earth Mother to heal.

If you can, print out the Teachings in colour the Light emanates more potently than in black ink.

### **Quick Teachings and Deeper Teachings**

If you keep the Quick Teachings at the front of your folder, then they are easy to access if you need a quick reminder about Earth Healing.

The Quick Teachings are the ones that describe the basics of how we conduct our earth healings. Such as:

- ♥ Creating your Sacred Space
- ♥ Preparing your Bottle of Water to receive a Vibration
- ♥ How to work with and take your Vibrational Essence

With Love and Blessings,

David.
